### 1. Background

HAE Scandinavia focuses to improve quality of life and to support patients and their care-givers in Denmark, Sweden and Norway. The organization is working to establish a stronger collaboration between different stakeholders within the HAE field to enable optimal treatment and management of HAE patients and to raise awareness of the disease. CSL Behring operates in the HAE field by improving treatment for patients. There is a common interest in improving HAE treatment and care and to drive advocacy for improved patient access to treatment and care.

### 2. Collaboration project

HAE Scandinavia will be conducting a Scandinavian conference in Malmö, Sweden on 10-12 November 2023. The purpose of the conference is to educate patients, caregivers, and healthcare professionals about the paradigm shift to prophylactic treatment, and the how we all are “Stronger Together” (which will be the theme for the conference). There will be no promotion of products during the conference. Around 130 delegates are expected from Denmark, Norway, and Sweden. HAE Scandinavia are currently working on the agenda that will include lectures from both health care professionals, HAE Scandinavia, HAEi, and external speaker(s). CSL Behring will support this important project. CSL Behring will also be given the opportunity to have a booth (small stand/coffee table with rollup) at the conference to share information and materials approved for patients and will be recognized as a meeting sponsor with logo available on the conference website, the conference program and on the conference bags (tote bag).

HAE Scandinavia will develop an App for Young People Living with HAE in Scandinavia to accommodate, engage, and motivate young HAE patients (and their friends/care givers) from all three Scandinavian countries. This creative app should allow young people to always find relevant information about their disorder and address practical information regarding HAE for various daily life situations. The app will be built to cater for both blog posts, podcasts, links, competitions, tips and ideas, and many other ways to communicate with this very important audience. With this project HAE Scandinavia hopes to, even further, integrate, accommodate, energize, and motivate youngsters from all three Scandinavian countries.
